## Become Rally Savvy

A Rally Ring Readiness Workshop  
Presented by Laurie C. Williams CPDT-KA  
Friday, April 23, 2010  
6:00 p.m. to 8:30 p.m.

Because Rally-O is as much a sport of strategy as it is a sport of technique, it's not always going to be the teams with the best obedience skills that achieve the highest scores. To the contrary, the teams that are most successful are those who not only perform the necessary components of each exercise, but are also able to navigate through the course without piling up avoidable deductions. In other words, they're **rally savvy**, and know the secrets to achieve the best possible rally performance.

In this workshop, Laurie will present ways to avoid falling into the point deduction abyss and provide the keys to consistent rally ring success such as:

- Developing a warm up and set up routine
- Deconstructing the Walk-through
- Creating the ultimate rally tool kit
- APDT rally rule review
- Nailing the Bonus
- And More!

This workshop is geared to both new and experienced teams!

Workshop is limited to 10 working teams at \$50 per team. Unlimited Auditors at \$25 each.
